

KX Technology: Hybrid Working & WFH Policy

Document ID: KX-HR-2026-001

Effective Date: June 1, 2026

1. Objective

To define the rules and eligibility criteria for remote work and hybrid working models.

This policy applies to all full-time employees whose roles can be performed effectively outside the office.

2. WFH Allowance

All full-time employees are eligible for up to 3 days of Work-From-Home (WFH) per week.

The approved WFH days are Tuesday, Wednesday, and Thursday.

Employees who have not yet completed probation are limited to 1 WFH day per week.

3. Office Attendance

Employees must work from the KX Headquarters at least 2 days per week (Monday and Friday).

Team-wide on-site days may be declared by a department head for workshops, planning, or client visits, and take precedence over individual WFH schedules.

4. Approval Process

All WFH requests must be submitted and approved by the team lead on Monday morning of each week.

A request left unactioned by the end of Monday is treated as declined for that week, and the employee is expected on-site.

5. Equipment and Workspace

Employees are responsible for maintaining a safe and productive home workspace with a stable internet connection.

KX provides a one-time home-office stipend of 8,000 THB, claimable through the HR-Portal, for eligible remote workers.

6. Security and Availability

When working remotely, employees must connect through the KX Secure VPN and follow the IT Support & Security Policy at all times.

Employees are expected to be reachable during core collaboration hours of 10:00-16:00 and to keep their calendar status up to date.
